

Architectural Engineering Graduates We're Hiring at LM Consultants, Inc.!

We are consultants to real estate investors evaluating and reporting on the condition of their properties, as well as protecting their interests in construction. We are headquartered in Chicago and currently staffing for our Culver City, CA office.

View looking east from the 31st Floor of the Left Bank Condominiums, a 38-story high-rise under construction adjacent to the Chicago River. Photo taken by Gina Schoengarth, Jr. Architect, Fall 2006.

As a Junior Engineer, you would be closely mentored by some of the most respected professionals in our industry and exposed to many different property types throughout the United States. Typical duties include:

- ▲ evaluation of commercial properties,
- ▲ review of construction documents for coordination, and
- ▲ field monitoring of construction projects

Most of our Junior Engineers travel up to 50% of the time and spend a great deal of their day in the field on project sites.

Our Junior Engineers are encouraged to and supported in their pursuit of licensure. We provide ongoing training and opportunities to expand one's knowledge and experience in the Engineering and Architectural field.

Requirements:

Applicants must have a degree in Architectural Engineering:

- ▲ Excellent written and verbal communication skills
- ▲ Proactive follow-up skills
- ▲ Ability to travel up to 50% (mostly local travel)
- ▲ Competency with Microsoft Word, Excel, and Outlook
- ▲ Either completed and passed FE Examination or scheduled to take the exam this Fall

We offer excellent compensation and a competitive benefits program that includes health, life and long-term disability insurance; 401(k) with company matching; generous paid time off; and tuition and professional fee reimbursement.

We are hiring for full-time positions and interested in interviewing alumni or seniors graduating in 2007/2008.

If you are interested in finding out more about our company, send a copy of your resume to hr@lmconsultants.com or visit our website at www.lmconsultants.com.
